Better

**Better Nutrition**

- 94% of a tomato is water
- 1 tablespoon of tomato paste = 1/4 cup Red/Orange vegetable
- It takes 1.6 whole tomatoes to make 1 tablespoon of tomato paste
- Tomatoes are rich in carotenoids, like lycopene
- Lycopene is more bio-available in processed tomatoes vs. fresh (20 times more)
- Tomatoes are rich in key nutrients like potassium, low in calories, and an excellent source of Vitamins A,C, and B (Folate, Niacin, B6)

A creditable 1/2 cup serving of Red Gold Marinara or Salsa (3 oz.) has the nutritional equivalent of 3+ whole tomatoes.

## OUR PROMISE

**ALLERGY FRIENDLY** | Free of the 9 most common allergens in the US  
Free of Wheat • Dairy • Egg • Peanuts • Tree Nuts • Shellfish • Soy • Fish • Sesame

Since 1942, the Red Gold family has been producing premium quality tomato products. "To produce the freshest, best tasting tomato products in the world" has been our mission since we started serving our troops during WWII.

We start with the highest quality tomato plants and raise them in an ideal climate... because the Midwest has just the right temperature, consistent rainfall, plenty of sun, and some of the richest topsoil in North America thanks to the minerals deposited from a glacier during the Ice Age.

Our vine-ripened Roma tomatoes are selected for optimum heartiness, texture, sweetness, color and consistency and sustainably grown with meticulous care on local multi-generation family farms. The unparalleled diversity of our tomato products, including our unique Better Nutrition Made Simple™ line makes us your #1 choice as a K12 partner.

Rest assured that you will find only the best quality throughout our entire product line... because QUALITY begins with the best tomatoes!

Our fourth generation family-owned company remains committed to having the best quality tomato products, employees, growers and customer service in the industry. Today, we have family-owned farms from Indiana, Ohio, Michigan and California that focus on sustainably growing and efficiently packing the freshest, best-tasting tomato products in the world.

\*100332 = Totes of Tomato Paste / 1 Tote = 2,850 lbs of Paste / 1 truckload of 100332 = 14 Totes or 39900 lbs of Paste

The Pass Thru Value (PTV) or NOI (Net Off Invoice) discount amount has been determined based on the quantity of tomato paste in the products being offered under this program. 100332 values quoted for the SY2025/2026 were provided by FNS via the 11/1/2024 NMPA notification @ \$.7987 per pound or \$31,868.13 per truckload of paste. **SCHOOL YEAR 2025/2026**  
**General Information & Introduction Related to the USDA Commodity Processing Program**  
**USDA WBSM Item Code 100332: Tomato Paste Totes**

**Value Pass-Through Options: NOI (Net Off Invoice), Indirect Sales Discount (Rebate / Refund / FFS with Restrictions)  
And Direct Sale School District Customers (Full TL or 1/2 TL Only)**

**Note 1:** This program is being offered in this state under **limited terms and conditions, based on the applicable rules and guidelines of the governing state**. The Pass Thru Value Per Case amount is the value of the Donated Food in the case and the amount that the product will be discounted from the standard commercial bid price quoted by a commercial distributor when not invoiced directly by Red Gold under the Indirect Sale Discount Options.

**Note 2:** If the program is offered as a **REBATE/REFUND**, this discount can be obtained by filing for the applicable total discount on a monthly OR quarterly basis, with proof of delivery of qualified products. In addition, an automatic "ebate" program (i.e. electronic rebate) can be established with participating Distributors, utilizing Distributor Tracking Reports, to calculate refund amounts on qualified products listed in this document. Pounds will be deducted from the school account when the rebate check is issued.

**Note 3:** If the program is offered under a **FEE FOR SERVICE** arrangement, the school district's product will be shipped to their contracted warehouse and the invoice for the product will be sent directly to the school. Once Red Gold delivers the product to the warehouse, the responsibility for the product is assumed by the warehouse. Schools orders can be combined to meet full TL minimums to the warehouse and must be in minimum pallet quantities. A full truckload delivery is typically 44,000 lbs. Delivery points to no more than 1 destination per full truckload will be allowed unless a previous exception was granted in writing.

**Note 4:** If offered via **DIRECT SALE**, then the school must be able to take a minimum of 1/2 TL (22,000 lbs.) order delivered to the school warehouse, applicable 1/2 TL freight rate will be applied.

**Note 5: USDA WBSM Item Code 100332 / Tomato Paste for bulk processing.** The Pass Thru Value (PTV) discount amount has been determined based on the quantity of tomato paste in the products being offered under this program. Values quoted for the SY 2025 / 2026 are based on the FNS/NMPA e-mail of 11/01/24, referencing 100332 value @ \$0.7988 per pound, or \$31,872.12 per truckload of paste. The corresponding Pass Through Value discount for each product is indicated on the calculator. It is determined based on the value multiplied by the Amount of Tomato Paste contained within each case.

## Tomato Paste is Packed

WITH

# Goodness

One tomato is  
**94% water**

The rest is made up of  
vitamins and nutrients

Tomato paste,  
found in shelf-stable products, is  
**more concentrated**

It contains

**1.6 whole tomatoes**  
for each tablespoon

Per USDA requirements<sup>1</sup>, in the K-12 lunch program (K-8), students must be offered at least one (½ cup) serving of vegetables each day, and ¾ cup serving of red/orange vegetables each week

**2 tablespoons of tomato paste**  
meet this requirement  
and consist of over  
**3 whole tomatoes**

Tomatoes are rich in  
key nutrients like  
**potassium**

And an excellent source of  
**vitamins A, B & C**

 **Lycopene**  
is a powerful antioxidant  
that's in tomatoes

 But it's 20Xs  
more bio-available in shelf  
stable tomatoes like  
**sauce & salsa**  
than in fresh tomatoes!

NUTRIENTS OF  
TOMATOES!**
